This matter was opened to the New Jersey State Board of Dentistry (the "Board") upon the application of Joseph A. Duddy, D.M.D. ("respondent"), seeking to remove restrictions imposed by the Board's Consent Order of October 5, 2005.

In support of his application to remove restrictions, respondent provided a letter from Louis E. Baxter, M.D., Executive Medical Director, Professional Assistance Program (PAP) which attested to respondent's continued recovery, full adherence to the treatment plan and completion of four (4) years in ongoing documented stable recovery. Respondent has agreed to follow the monitoring plan recommended by the PAP. Based on that letter and on respondent's compliance with the terms of Board's prior orders, the Board has determined the prior restrictions on respondent's license are no longer necessary and the within order is adequately protective of the public health, safety and welfare.

IT IS ON THIS 16<sup>th</sup> DAY OF July, 2008.

ORDERED that respondent is hereby granted an unrestricted license to practice dentistry in the State of New Jersey.
